

STUDIO ARTIST PROGRAM APPLICATION

Atlanta Contemporary Art Center is pleased to request applications for studio spaces in our Studio Artist Program. We accept application on a rolling basis and will notify applicants when studios become available for rent. Studios include parking and utilities (water, electricity, HVAC, Wi-Fi), and are available for a 1-year lease with an option to renew based on institutional review of program/facility needs.

Emerging, mid-career, and established artists residing in the metro Atlanta area are invited to apply. Atlanta Contemporary no longer limits its Studio Artists to three years of participation in the program. Past Studio Artists are welcome to apply. Studio artist program participation is not limited to visual artists. Performance artists and writers are encouraged to apply. However, due to facility constraints, we cannot accept musicians or metalworking artists. The selection is made by a panel of Atlanta Contemporary board members, staff, and representatives from the Atlanta arts community. Selection criteria include a thoughtful and dedicated body of creative work in any media and professional activity (including exhibitions, public art, lectures, participation in symposia, curatorial work, critical reviews, etc.). Atlanta Contemporary membership is not a requirement to apply.
