About Atlanta Contemporary

Atlanta Contemporary engages the public through the creation, presentation and advancement of contemporary art. Founded in 1973 as Nexus, a grassroots artists' cooperative, Atlanta Contemporary has since become one of the southeast's leading contemporary art centers. We play a vital role in Atlanta's cultural landscape by presenting six-10 exhibitions within four seasonal cycles each year, featuring consequential artists from the local, national, and international art scenes. We are one of the few local institutions that commissions new works by artists, paying particular attention to artists of note who have not had a significant exhibition in the Southeast. We organize 50+ diverse educational offerings annually, unrivaled by other local organizations of our size. We are the only local organization to provide on-site subsidized studio space to working artists through our Studio Artist Program, removing cost as a barrier to the creative process.
